Minot, N. D., Oct. 17.—Engineer David McClusky was instantly killed in a power plant of the Northern States Power Co. early this morning when a flywheel on the engine burst and the pieces flew in all directions. The wheel weighed about seven tons, and when it broke away pieces of three or four hundred pounds in weight went through the walls and roof of the building, flying all over that section of the city. One piece weighing 350 pounds went over the lumber yard and the roofs of several buildings and fell on the street one block away, then bounced on the pavement and landed through a window of a corner store. Another piece fell on the Soo tracks and broke the rails. Luckily the accident happened early, before the people were on the street. Had it happened during the day or evening many might have been killed. Mr. McClusky, aged 29, had been here three years, coming from Granville, Ill. He was married. He was in the power house when the wheel broke and was found with his head badly crushed. Damage to the building and engine and other structures has not been estimated. Coroner J. P. Pence decided an inquest was unnecessary.

Second Lot  
Of Liberty  
Bonds Ready

"Scrap of Paper" Can Be Deliv-  
ered As Rapidly As Appli-  
cations Come

By working night and day the federal printing and engraving bureau at Washington has succeeded in getting the second issue of liberty bonds printed and they will be ready for delivery when purchases are made. John Burke, United States treasurer, and former governor of North Dakota, made this announcement upon his arrival in Bismarck at noon for a liberty loan talk at the Grand theater this evening.

Keeps Money Going.  
"We are working so fast now," said Mr. Burke, "that we have stopped washing old money that comes in to us. We haven't the time to wash it and just send it out again."

"The money is washed to kill disease germs, but I have concluded people get more disease from not handling money than by having it."

"The demand for silver on the treasury department is greater than the supply, which is a pretty good indication of the prosperity of our country."

In War at Right Time.  
"America got into this war just in time to save democracy," he said. "When the war started Germany was the only country prepared. She had been working for 40 years training men and manufacturing machines for the destruction of human life."

"She went onto the fertile fields of Belgium and enslaved its people. She put them to work raising food for her armies. She did the same in France, in Russia, in Rumania. This year alone the territory she has in Russia produced 80,000,000 bushels of wheat for the German armies."

"She levied tribute on captured cities. She helped pay her war costs."

Burden on United States.  
"When we entered the war the finances of the allies were exhausted. The burden of financing the war now rests on the United States. We have so far loaned the allies \$2,500,000,000. If this were in gold it would make 4,600 tons of gold, and if it were loaded into wagons it would make a procession 20 miles long."

"We have got to continue financing the war operations of the allies, and that is why we are floating this liberty loan. We are not asking the people to give us their money. We are asking them to loan it to us on the best security in the world."

"We must have the money to keep our boys going into the trenches equipped in the best possible way. The quicker and harder we strike, the sooner the war will be over."

Must Notice the Allies have been fighting as never before since they have been getting financial aid from the United States, and I will not be jealous if the Union Jack and Tri-color are floating over Berlin before our boys get into the fight."

"The quicker we get our money into the fight, the quicker the war will be over."

That is why we are asking people

All Nations Against Germany to  
Meet Soon at Paris for De-  
liberation

Washington, Oct. 17.—While official announcement is being withheld, it is virtually certain the United States will be represented at the coming conference of all the nations at war against Germany, which probably will be held in Paris.

Secretary Lansing today authorized the statement that it definitely had been decided there would be a conference, and that the United States was considering participating in it, with the possibility it would be decided to do so.

Hearing on La Follette St. Paul  
Speech to Begin at Wash-  
ington, Nov. 26

WISCONSIN SENATOR CAN  
EXAMINE ALL WITNESSES

Washington, Oct. 17.—Further investigation into the accuracy of statements made by Senator La Follette in his St. Paul speech will be postponed until November 26, when hearings will be held, Chairman Pomerene, of the investigating committee, announced today. At that time the committee plans to call witnesses, including former Secretary Bryan, who will be asked if he endeavored to have the president prevent the Lusitania from sailing, as the Wisconsin senator alleged. Senator Pomerene denied that the temporary postponement of hearings had any significance, the action being taken in order to permit the members of the committee to visit their home states before congress reconvenes in December.

The committee called at the state department today where it is understood, inquiries were made as to the accuracy of various statements made in the speech by Senator La Follette. The committee had sent a letter to Mr. Bryan asking him to make a statement regarding the Lusitania matter. No reply has yet been received.

Senator Pomerene said that when the hearings are resumed, Senator La Follette will be given an opportunity to cross examine any witnesses or make any statement he desires in his own behalf. He declined to state whether Secretary Lansing or any other officials would be called to testify.

RECOVER 10 MILLION  
FROM TAX DODGERS

Washington, Oct. 17.—Internal revenue agents have reported that evasions of the special tax of 12 1/2 percent by munitions manufacturers have totaled as far as \$17,500,000. More than \$10,000,000 of that sum already has been recovered by the government.

SOCIALIST VOTE  
SHOWS BIG GAIN

Buffalo, N. Y., Oct. 17.—Revised figures of yesterday's primary election emphasized the big gains in the socialist vote. The vote stands, democratic 18,414, republican, 14,632; socialist, 14,341.

Mob Stones Generals Who  
Took Part in Recent Revolt  
Against Kerensky Government

Petrograd, Oct. 17.—The generals arrested for participation in the Korniloff uprising, on their departure Oct. 10 from Berditchev, province of Kiev, were compelled to walk three miles to the railroad station, while they were stoned, jeered and threatened by several thousand persons. The officers escaped alive through the strategy of a member of the guard, who started the train out of the station as it was being fired on by the mob.

The 38th cadets, who formed the guard, had difficulty in standing off the mob, which demanded that the generals be surrendered to them for summary punishment. The mob refused to permit the prisoners to ride and insisted that they walk the long and perilous route to the station.

LULL REPORTED FROM HAIG  
THROUGHOUT YPRES ZONE

Promise, However, of Speedy Re-  
newal of Operations in That  
Region

By Associated Press.

All the important infantry fighting last night in the western war theater was confined to the French front, where attacks by the Germans in the Aisne and Champagne sectors, as well as in the Verdun region, were repulsed.

There is promise, however, of a speedy renewal of the activity in Flanders. Field Marshal Haig, for instance, sends us today one of those laconic reports that so frequently have preceded attacks on that front. "Nothing of special interest to report," he meant that British guns have opened drum fire preparatory to attacking.

The British high command is contemplating a renewal of the British drive, as the latest Berlin statements, in reporting the intense artillery activity in Flanders said no infantry attacks had taken place "up to the present."

Fairly Good Weather.

There has been a spell of comparatively good weather in the area east of Ypres, where the British steamroller is pushing its way through the German lines. Thus the British aviators, apparently, have been able to collect sufficient information to enable the artillery to pursue its work, while the mud fields presumably have dried out somewhat.

Allies Gain in Macedonia.

An admission of a significant gain in Macedonia is contained in the German statement on the Macedonian front received last night. Several villages in the Struma region on the right flank of the allied lines north-east of Saloniki have been "ceded" by the Bulgarians to the British, Berlin announces.

There has been notably active patrol activity in the entire armies in Macedonia recently, and it seems possible that some aggressive work finally is to be made of the huge force the allies have had assembled there for several months.

Such a move might be made in anticipation of the Bulgarian attack by the Germans. Emperor Williams' visit to Sofia has been connected to this reported project. Greece might now be expected to aid the entente in repelling such an attack or in pushing an offensive. A declaration of war by Greece against Bulgaria, in fact, seems to be expected shortly by the central powers.

MAY BE DICTATOR.

Copenhagen, Oct. 17.—The Berlin correspondent of the Fremdenblatt of Hamburg, an able political observer, discerns indications that forces actually are at work among the associates of Chancellor Michaelis, with the thought of a military dictatorship, or at least with the idea of having the chancellor continue in office in defiance of the reichstag, supporting himself by military backing.

Conservative and socialist papers in Germany have been engaged in a controversy for some time on the subject of a dictatorship, but hitherto it has not seemed to be of such a nature that it should be taken seriously.

A German socialist newspaper says the socialists have decided to vote against the new war credit of 10,000,000,000 marks, which is to be submitted to the reichstag in December, unless Chancellor Michaelis resigns.

Illinois Labor Trouble Threatens  
to Paralyze Conditions in  
Chicago

Chicago, Oct. 17.—Unless the coal strike is settled within 10 days business in Chicago will be paralyzed, according to a statement made today by Fred W. Upham, president of the largest coal company in the city.

"There is less than 10 days' supply in the city and no coal is coming in," he said.

Government to Act.

"The situation is the most serious that ever confronted the city," continued Mr. Upham. "There is no coal headed for the city, except that which was started from the mines before the men went on this unauthorized strike. Unless the miners resume work neither office buildings nor homes will have fuel. Mr. Williams, Illinois fuel administrator, is doing all he can, but he cannot force the men to live up to their contracts."

WARNS OPERATORS.

Washington, Oct. 17.—Federal Administrator Garfield today warned coal operators and miners that the strikes have occurred or are impending, and the government would take charge of coal production if it continued to be threatened by strikes. After a conference with John P. White, president of the United Mine Workers, over strikes called or impending in Illinois, Ohio and Indiana, Mr. Garfield sent a telegram to operators and miners alike giving notice that the government would deal most drastically with strikes intended to force a revision of government prices to meet wage increases.

Administration Telegram.

The fuel administrator's telegram follows:

"American citizens engaged in the mining of coal, whether operators or miners, are for the most part mindful of the fact that our country is at war, and that the burden rests upon them to produce the coal needed without interruption. But there are some who evidently fail to understand the gravity of the situation and who do not hesitate to advocate strikes at the present time as a means to force the government to at once decide whether the wage increases agreed to at the meeting recently held in Washington by the operators and miners of the central district should just be covered by an advance in the prices fixed by the president."

"The matter has been submitted to me, and all concerned are expected to co-operate. I am giving immediate and close attention to the question and hope to reach a decision at an early date. The only circumstance in my control which will bring that decision into being is the violation of the spirit of the arrangement between the operators and miners which was that, under no circumstances should the production of coal in the United States be allowed to diminish."

"If either the operators or the miners attempt to bring pressure upon me to reach a decision, I shall postpone it and use whatever powers are necessary to compel the production of coal to meet the country's needs."

EDWARD S. ALLEN  
DID NOT APPEAR  
FOR COUNTY BOARD

Edward S. Allen appeared for William Laist, McCabe Methodist church and the Bismarck hospital, in reference to paying about their property facing the court house square. It was erroneously stated that he appeared for the county commissioners. He had no commission from this body to represent them.

He called attention today to The Tribune's error in the report of the city commission meeting and he desires to state further in answer to reports that he is not a candidate for any political office in the gift of the people. Mr. Allen after an absence of twelve years returns to Bismarck to enter into the general practice of law.

Reference was made to Frank P. Allen who is a brother of Edward S. Allen and who was not before the commission that evening.

Child Victim of Burns.—Little Irene Solberg, 13 months of age, daughter of Mr. and Mrs. E. K. Solberg of near Bismarck, was brought to the Bismarck hospital this morning suffering from burns received when the Solberg home was destroyed by fire. The child was rescued from the burning building by the mother just before the roof fell in.

Des Moines, Ia., Oct. 17.—With returns complete from all but two counties early today, the constitutional prohibitory amendment was leading by a majority of slightly less than 1,000. Neither side is claiming victory. Complete returns from Fremont and Butler, the missing counties, it is believed, could easily swing the margin either way.

NO LOSSES OF MEN IN  
MONTHS OF SERVICE

Depth Charges Feared Most Now  
by the U-Boat Commanders  
of the Enemy

Base of American Fleet in British Waters, Oct. 17.—In five months of active service, the American destroyers have steamed collectively 875,000 miles. This is more by several times the distance cruised in two years of peace. What makes the figures most impressive is that they have been reached without the loss through an accident of war of a single life, or a very serious mishap to any of the units. Roughly the destroyers have spent five-eighths of their time at sea, and their average time in port has been three days after each turn of five or six outside. Clear weather and long days have favored them and aided the men in learning the technique of their business of combating submarines, convoying troop ships and merchantmen, patrolling shipping routes, and rescuing survivors from torpedoed ships.

Can Claim Credit.

The Americans, therefore, can claim no small part in the credit for the gradual decrease in shipping losses. First of all, the addition of their units to the allied forces was certain to make life less comfortable for the U-boats. Next, the Americans applied all the tactics of the long-experienced British and in some instances improved on them. When the crews learned some more about the business of smoke screening a merchant fleet while they beat off the attacking submarine, their gunnery, too, has greatly improved. One crew saw a spar of sunken ships the other day which they at first thought was a periscope and shattered it at two thousand yards.

New Ideas Worked Out.

New ideas are constantly being worked out. For instance, two officers on designs for new destroyers had introduced many new ideas gained from observations made in this submarine campaign. Others have suggested changes in gun practice. In fact, something new, although not always practicable, is being worked out all the time.

One Encounter.

In the period of active service over here, each destroyer has taken active turn at patrol duty. This means five to six days out of port in all kinds of weather, which means "beat, sleep, watch and eat sea sick." Occasionally this is broken by the call to head quarters.

Every destroyer has to its credit at least one encounter with a submarine, while some of the more fortunate have stalked two or three underwater craft. At no time, however, have the submarines shown fight. They always avoid a meeting.

The depth charges are feared most by the U-boat commanders. These weapons, as announced recently by the American navy department, are high explosives, timed to explode by water pressure at water depth. Naval officers make no secret of the effectiveness of this new sound antidote for the submarine.

MEDICAL ASSOCIATION  
HOLDS MONTHLY MEET

The Medical association of the Sixth district met last evening in the Commercial club rooms and heard discussions of the war and Red Cross work. Dr. E. P. Quinn gave a report of the Harrison training camp relative to the medical work and a number of clinic cases were discussed. Dr. Quinn recently spent some time at Fort Harrison studying camp life. Dr. Sherridge of Flasher was received into the membership of the association and a number of routine matters were considered. Among the physicians from a distance attending were Dr. Krams of Mandan, Dr. Harold Winchester of Flasher and Dr. Plasmann of Golden Valley.

Burleigh County Is Doing Its Best to Realize Hope of Nation That  
Loan Will Be Oversubscribed Because of Moral Effect Upon  
the Enemy—A. E. Rogers of Minneapolis Wires Tribune That  
Northwest Already Has Taken More Than Fifteen Million in  
Bonds.

Committee Will Continue Its  
Canvass Until Saturday Night

Burleigh county's subscriptions are now in excess of \$150,000 to the nation's second Liberty Loan of three billion. When the grand total was struck last evening the amount was \$150,800 with the state capital to hear from with its \$7,000 or \$10,000. Before the week's update subscriptions are expected to be in excess of \$200,000, double Bismarck's quota and \$55,000 in excess of the quota set for the entire county which was \$145,000.

\$92,000 First Day.  
Monday evening the total subscriptions reached \$92,600, exclusive of the county which has not reported in full as yet. It is believed that the quota of \$45,000 assigned to Burleigh county outside of Bismarck will be considerably oversubscribed.

PASS BILLION MARK.

Washington, Oct. 17.—All indications today are that subscriptions to the Second Liberty Loan had passed the \$1,000,000,000 mark. Official figures compiled last night, showed only \$528,000,000 reported to federal reserve banks but later semi-official returns and estimates made to the treasury department demonstrated that the official figures were far too low.

TRAVELERS BUCK THE  
LINE WITH \$1600 AS  
FIRST DAY'S RESULT

Bismarck council, U. C. T., through its special campaign committee, in one afternoon sold 61 members of the capital city council \$1 bonds, representing a total investment of \$7,600 in the Second Liberty Loan. "I never knew money to talk more eloquently than in this instance," said a member of the committee in reporting progress. "Just now it is the most patriotic eloquence I'm familiar with, and the readiness with which the commercial travelers have responded to this appeal shows where they stand."

The travelers disposed of 24 50c bonds, representing \$12,000; 31 \$100 bonds, representing \$3,100; 1 \$150 bond; 3 \$200 bonds, \$600; 1 \$250 bond; 2 \$300 bonds, and 2 \$1,000 bonds.

STATE HOUSE PLEDGE  
REACHES \$8,650 WITH  
\$10,000 CERTAINTY

At the close of the capital mass meeting in the house chamber Tuesday afternoon Liberty Loan subscriptions totalling \$8,650 were reported by Secretary of State Thomas Hall, captain of the state house team. This is but \$1,350 short of the \$10,000 total which Captain Hall's team has promised, and inasmuch as a number of members of the administration, including Governor Frazier, have not yet subscribed, the team feels certain that it will go well over the mark by Saturday evening, when these subscriptions should have been received.

The state house team consists of Secretary of State Hall, Dr. W. F. Crew, secretary of the livestock board; J. R. Waters, state examiner; J. A. Brown of the state board of control, State Treasurer John N. Steen and Commissioner of Labor and Agriculture John N. Hagan.

Subscriptions received from capital employees and officials range from \$50 to \$2,000. Many of the young women stenographers took \$100 and some as high as \$200. The highest individual subscription is \$2,000 from Tax Commissioner H. M. Steele. Associate Justice J. E. Robinson took \$500, Chief Justice Andrew Bruce \$400 and other members of the supreme bench and of the state administrative family subscribed from \$100 to \$400.

J. L. Bell, district chairman; H. P. Goddard, county chairman; Chief Justice Bruce and Commissioner H. M. Steele addressed yesterday's enthusiastic meeting. Secretary N. A. Mason appeared in behalf of the governor, explaining that the latter was engaged in addressing school meetings, but while unable to attend in person was in sympathy with the movement, and urged all members of the administration and employees to buy bonds.

To Continue Canvass.  
The committee will continue its canvass all week. In order that the loan may be oversubscribed so that Germany can know without question that this nation is in the war to stay until the end, everyone should do his part. The canvass has been narrowed down now to those taking one or

BISMARCK BOY MAKING  
RECORD AT TRENCH WORK

In an interesting news item written by C. A. Mohrman in training at Fort Snelling and published in the Neigh. Neb. daily, he is high in his praise of the trench work of Robin A. Day of this city.

The reference to the North Dakota boy is written in connection with his word picture of camp life. It follows: "I drew as a ditch partner a husky young fellow by the name of R. A. Day who hails from North Dakota, and the way that man dug was a marvel to me. I kept up with him fairly well till noon, but about that time began to lag and lost sight of him entirely so completely outclassed was I. It must be that his initials mean something and I have decided that his full name is 'Rapid All Day'."

Mr. Day is among the Bismarck boys receiving training at Fort Snelling.

An address by United States Treasurer Burke will be the feature of the campaign tonight. This address will be given at the Grand Theatre. George N. Keniston, secretary of the Commercial club will preside and Rev. J. G. Moore will deliver the invocation.

### Fifteen Million in Northwest.

Residents of the Ninth Federal reserve district in which North Dakota is included have subscribed \$15,758,000 according to a wire received today from A. R. Rogers of Minneapolis, chairman of the Liberty Loan executive committee. His dispatch follows:

"The people of the Ninth Federal reserve district, many of them farmers, have so far subscribed for \$15,758,000 of Liberty Loan bonds, Governor Theodore Wold of the Federal reserve bank reported late yesterday. The people are rallying to the loan in the cities and in the country and everybody is getting on the lists. Montana, Northern Michigan and Wisconsin have sent in good reports, North

and South Dakota are coming along well and in Minnesota the feature is the large subscriptions of farmers. Many of them men with German names.

Bismarck's response has been both patriotic and spontaneous. Figures available now show to the entire state that there are few if any slackers in Burleigh county when the interests of the nation are concerned.

### Soldiers Subscribe.

The members of the United States army recruiting force in the District of North and South Dakota have shown their patriotism in more than one way. Besides having enlisted voluntarily in the defense of their country they have all contributed to the cause of democracy by buying Liberty bonds of the Second Liberty loan, to the sum of \$2,750.00.

The following is a list of the names of the men, their stations and sums contributed:

Lieut. William Anshelm, Aberdeen, S. D., \$1,000; First Sergt. Owen Place, Watertown, S. D., \$100; Sergt. Elmer J. Flint, Fargo, N. D., \$100; Sergt. Edward H. McKee, Aberdeen, S. D., \$50; Sergt. Joseph Bauer, Sioux Falls, S. D., \$100; Sergt. Richard F. J. Martell, Aberdeen, S. D., \$100; Sergt. Basil D. Coleman, Bismarck, N. D., \$50; Sergt. Frank Cox, Huron, S. D., \$100; Sergt. Some of the men are thinking of amount cannot be taken for the subscribing for more, so that this amount cannot be taken for the total but just gives a pretty good estimate of what Uncle Sam's men are doing for their country.

## FAREWELL GREETING

To Our Friends and Customers

Having sold our business, we expect to leave Bismarck for a time. We assure you that it is not with pleasure, but with sad regret that we go away. But owing to the condition of our daughter and sister's health it becomes necessary for us to make a change. Much as we regret to leave our friends and the nice business you have helped us to build up, we must consider her above all and go, hoping to find relief in a warmer climate.

We have sold our store to Mr. C. Bertsch, Jr., who is more widely known than we for his business ability and fair dealing. The business will be under the management of Mr. L. Vanhook, which gives you assurance of courteous and efficient service. We will remain in and about the store until we can get settled up and ready to go.

We wish if any one has a claim against us that we have overlooked that they will present it for settlement. We do not wish to go away leaving any accounts. Please come in and see us before we go away. We will be on the job to help serve you and get the new people started in the business.

Again thanking you for your friendship and patronage, we beg to remain, very sincerely yours,

### LOUISE GLAUM'S GOWNS

FEATURE OF NEW PLAY.  
Louise Glaum, whose remarkable originality in designing bizarre costumes has made her famous, was never so much to the advantage than in "Love or Justice." A Triangle-Luce play.

There is always a distinctive quality in the clothes worn by Louise Glaum. They are creations that are always characteristic of the type she portrays. In "Love or Justice" Miss Glaum plays the part of the ruler of the dominion, and her clothes express the idea.

They are not the usual commonplace woman nor those of fashionable society. There is something individual in all of them, from the striking flushing costume in which she makes her first entrance in a cabaret scene to the delicate costumes worn as the woman gains refinement through sacrifice.

"Love or Justice" will be shown at the Orpheum tonight.

### AN OLD GROCERY UNDER NEW OWNERSHIP

Having purchased the stock and good will of the W. H. Spear & Co. grocery store I wish to announce that the store will endeavor to give you a service which will commend itself to you at all times.

Realizing there are many conditions arising these days, not alone in securing the necessities of life, but in price regulations as well that are of vital interest to our trade as well as ourselves we would ask your indulgence in assisting us in making this store the most popular and most painstaking store of its kind in Bismarck.

Our line of staple and fancy groceries will be selected with great care and marked at as low a figure as possible consistent with good merchandising. Our vegetables will be received fresh and thus assuring you the best. Altogether our aim will be to please first, last and all the time.  
CHRIS BERTSCH, JR.

### ANNOUNCEMENT

Myself, well known Bismarck musician, has purchased the sheet music department in the Kimball Piano store on Broadway and announces she will carry in stock at all times all the latest and best pieces of sheet music published. Orders placed not later than 5:30 p.m. will go in the same evening if it is chance she should not have it in stock.

# Our October Clearance Sale Is Continuing Without Restraint

THE continual crowd which taxed our clerical and office support to the utmost last Saturday and so far this week have demonstrated conclusively, the implicit faith the public places in our advertising. The honesty and integrity of a firm's advertising are one of the most important supports of its structure. Feel assured that when we advertise a bargain it is that bona fide, and not an article marked up for the purpose of marking it down on sales day.

The values advertised Saturday and continuing in effect all during this week are Bargains, cut and clean, and nearly all substantially reduced from an undermarket price. Some of the items such as blankets are regular figures, but they are advertised merely for the point of showing to our customers that our entire line is actually 20 per cent under the present market and are therefore real bargains.

If you have not shared in these offerings you are passing an opportunity to save money and thereby enabling you to apply the difference on the purchase of a Liberty Bond.

We Have Received a Complete Shipment of  
about 500 lbs. of Red Cross Yarns. Colors  
Kahki, Light and Dark Grey.

The extreme difficulty incidental to the obtaining of these will not be lessened until at least January 1st, and then prices will be even higher. Supply your needs now when it is possible.

### BIG GOING OUT OF BUSINESS SALE.

Sales as a usual thing are made to reduce stock, enabling the merchant to make room for an incoming shipment, but Bismarck will soon have a sale that will be conducted for the sole purpose of going out of business.

Alex. Rosen & Bro. have for a long time conducted two clothing stores in the Capital City, but owing to other investments find that one progressive store demands their entire time, hence they will open a sale at their Model store on Main street Friday morning that will give to every man and boy an opportunity to purchase their fall and winter clothing at reduced prices.

Read their advertisement on the last page of today's Tribune.

### The Proper Attitude

The proper attitude of a man toward woman is not a very complicated affair. The fellow who admires her if she is beautiful honors her if she is a mother, respects her if she works, has sympathy for her if she is in distress, and pines for her if she stumbles in a fair way to become a gentleman.

Mr. Robert Fowler, Okarche, Oklahoma, writes: "To any sufferer of catarrh of the stomach. I am glad to tell my friends or sufferers of catarrh that seventeen years ago I was past work of any kind, due to stomach troubles. I tried almost every known remedy, without any results. Finally I tried Peruna, and am happy to say I was benefited by the first bottle, and after using a full treatment I was entirely cured. I am now seventy years old, and am in good health, due to always having Peruna at my command. I would not think of going away from home for any length of time without taking a bottle of Peruna along for emergency. You are at liberty to use my picture and testimony if you think it will help any one who has stomach trouble."

Those who object to liquid medicines can now procure Peruna Tablets.

## SOCIETY

## National Women Suffrage Meeting to Be Held in Washington December 12-15

The National Women's Suffrage association has just issued the official call for its forty-ninth annual convention, which will be held in Washington, D. C., Dec. 12-15, at the Hotel Hamilton. The association has been selected as the place for convention in order that the 1,000 or more delegates who will assemble may urge upon congress the immediate passage of the federal woman's suffrage amendment. Delegates will represent 2,000,000 women members of the various branches throughout the country.

The call is signed by Dr. Anna Howard Shaw, honorary president; Mrs. Carrie Chapman Catt, president, and the national board members. North Dakota will be represented

by Mrs. Robert Glendenning, president of the North Dakota Votes for Women League, and Mrs. J. A. Pierce of Fargo. Other prominent suffragists are planning to attend.

The convention will be in the nature of a jubilee for the winning of the presidential suffrage in Ohio, Indiana, Michigan, Nebraska, Rhode Island and North Dakota; primary suffrage in Arkansas, state-wide municipal suffrage in the capital of Ohio; the advancing of the federal suffrage amendment of the senate calendar and its own house committee, and the passage by the United States senate of a bill providing for suffrage for Hawaiian women on the same terms as granted to men.

**Auxiliary Meeting.**  
The Woman's Auxiliary to Company A will hold an important meeting Saturday afternoon in the Commercial club rooms. The meeting will be called for 3 o'clock and all members are asked to attend.

**Postpones Children's Festival.**  
The children's festival, announced by the Homestead lodge, No. 503, has been postponed on account of the death of W. J. Emping. The Homestead will hold its regular meeting next Tuesday evening.

**Sociality Card Party.**  
Members of St. Mary's Sociality have announced a card party for Friday evening in the Knights of Columbus hall. The game will begin at 8:30. A general invitation is extended to friends of the sociality to attend.

**Conducting Institute.**  
Supt. and Mrs. W. E. Parsons of this city are in Stanton this week conducting the teachers' institute for Mercer county. Mrs. Roy Bonham, formerly Miss Callahan, is substituting for Mrs. Parsons at grade one of the North Ward school.

**Mothers' Club Meets.**  
The meeting of the Mothers' club, held in the home of Mrs. A. A. Jones in the Person court, was featured by a well written paper on "Make-Believe or the Value of Play" by Mrs.

## NO REASON FOR IT

When Bismarck Citizens Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Bismarck citizen says:

J. A. Montgomery, 110 Seventh St., says: "I suffered for a long time from backache, which I knew was caused by my kidneys being out of order. I used Doan's Kidney Pills and they were just what I needed, for they strengthened my back and regulated my kidneys. I have never had any more kidney trouble."

A. D. Gaussha. The club discussed current topics of the day preceding the reading of the paper. Red Cross knitting was done by the members.

**Devils Lake Visitors.**  
Mrs. D. V. Brennan and Miss Mary E. Norton of Devils Lake, have arrived in the city and are the guests of Mr. Brennan of the attorney general's office. Mrs. Brennan and Miss Norton are sisters of Representative Norton of North Dakota.

**To Locate Here.**  
Rev. C. E. Vermilya, the newly appointed superintendent for this district for the Methodist church, and Mrs. Vermilya of Valley City, are in the city with a view of locating here. Mr. Vermilya is a member of the board of regents and succeeds Dr. J. G. Moore in this district.

**Civic League Meeting.**  
A meeting of the Civic league has been called by the president, Mrs. J. P. Dunn, for Thursday evening at 8 o'clock in the home of Mrs. E. J. Schultz of Second street. All members are asked to attend, as matters of important business will be discussed.

**Women Selling Bonds.**  
A committee of Fargo and Grand Forks women are assisting in the sale of liberty bonds. Miss Minnie Nielson of Valley City was recently made chairman of the women's committee for the state. Ex-Governor L. B. Hanna made the appointment. Bismarck women are co-operating by purchasing bonds, but are not making a canvass for same.

**Philippine Official Returns.**  
Major and Mrs. Albert L. Hall and son, Lewis, arrived in San Francisco, Cal., Monday, Oct. 8, on the United States transport Logan after a two years' service in the Philippines. Major Hall has been ordered to Fort Sill, Okla., where he is in charge of the artillery instruction. Major Hall expects to serve his country in France in a very short time. Mrs. Hall was formerly Miss DeGraff of Bismarck, and is a daughter of Mrs. M. J. DeGraff of Washburn.

**Former Pastor Here.**  
Rev. A. Lincoln Shute of the Edgeley Methodist Episcopal church returned last evening after a short visit here with his mother-in-law, Mrs. W. O. Ward of Seventh street. Rev. Mr. Shute, who was pastor of the Mc-

## Polyanna With Her Glad Game Makes Many Bismarck People Happier; Fine Comedy at Auditorium Again Tonight

Helen Mayer and George Allison in "POLLYANNA" METROPOLITAN

Many Bismarck folk today are playing Polyanna's "Glad Game," and are happier by reason of having seen Catherine Chisholm Cushing's cheerful comedy at the Auditorium last evening. They found Polyanna all that she had been heralded and more. The play was a real inspiration—a much-needed one in these gloomy times when Old Man Gloom monopolizes altogether too much of our attention. Polyanna, an orphaned mission child, with her "Glad Game," makes over a whole New England village; brings real happiness into the life of Old King Grouch and reunites lovers

between whom 20 years of bitterness stand. She does it logically, too, with the all-powerful leverage of sweet, innocent, confiding, hopeful childhood.

We have no idea as to the exact age of Helen Hayes, who played Polyanna last night, but we do know that her heart is that of a child. Else she could not have done what she did last evening with a blasé Bismarck audience. It was rather gratifying to see a lot of unimpressible people weeping wholesomely, and without restraint, so far forgetting themselves as to enjoy once more a

feast of honest emotion. And it was good to hear the happy, genuine laughter which greeted Polyanna's quaint little sallies.

It was a remarkable cast all the way through. George Allison was natural and convincingly real in the part of the grouch, whose loss of Polyanna's mother, 20 years prior to the appearance of the heroine, had made him a misanthropic recluse. Fanny Campbell as Polly Harrington, another victim of the rough path of true love; John Webster as genial Dr. Chilton, Donald McLeilan as little Jimmy Bean, and Adrian Morgan as

Jimmy Bean. Fine character bits were offered by Agnes Gildea as Nancy, a type of the vanished Irish servant, and A. W. Fleming, as Pendleton's man Bleecker, and Lou Ripley, Fanny D. Hall and Helen Gurnay put many artistic touches in their interpretation of members of the "Ladies' Aid."

"Polyanna" is wonderfully worth seeing. It is a fine, wholesome play, well staged and well acted, and Bismarck folk who did not see it last night are to be congratulated on the fact that another opportunity is offered this evening, when the curtain rises at 8 sharp.

Mrs. John Whalen, who has been spending several weeks in the city with Mrs. J. P. Dunn of Third street, has returned to her home in Minneapolis. Mrs. Whalen is a former resident of this city.

## CAPITAL CITY FEDERATION TO HOLD MEETING FRIDAY

The City Federation of Women's clubs will meet Friday afternoon at 3 o'clock in the Commercial club rooms. Officers for the year will be elected and other important matters considered.

Mrs. F. A. Lahr, vice president, acting in the absence of the president, Mrs. W. C. Taylor, is anxious that each club of the city be well represented Friday afternoon. Owing to the war club women are asked to devote more of their time to welfare work and the city federation is anxious to do its share.

## Church Society Notes.

The Mission Circle of the First Baptist church will meet Thursday afternoon with Mrs. G. B. Newcomb of Sixth street and will be addressed by Mrs. H. C. Fish of Minot, who stopped here enroute home from the Baptist convention in Jamestown.

Mrs. W. L. Nussle will be in charge of the program for the monthly dime social of the Ladies' Aid society of the First Presbyterian church which will be held in the church chapel on Thursday afternoon. The women are asked to bring their Red Cross work.

Members of the first division of the McCabe Methodist church will be hostesses Thursday afternoon to members of the other three divisions in the basement parlors.

Miss Marie Huber, teacher in the Northwest hotel school, who has been confined to the St. Alexis hospital for the past three weeks, is recovering nicely. Miss Gertrude Evans, secretary to the superintendent, is substituting for her.

## CARD OF THANKS.

## PERSONAL NOTES

Dr. N. O. Ramstad and Burt Finney are in the vicinity of Steele today enjoying a hunt.

Mrs. Frankie Lynum of Cando, who has been the guest of Mrs. Alfred Zuger of Thayer street, while in the city inspecting the Degree of Honor lodge of which she is state president, is in Mandan today conferring with the lodge of that place. Mrs. Zuger accompanied her. The meeting last evening of the Degree of Honor was largely attended and Mrs. Lynum was given quite an ovation following her instructions.

Mrs. Fred Graham of Fifth street has returned from Minneapolis, where she visited her husband, who is at the Fort Snelling training camp. She also visited Miss Lucy Thomas of Mandan. Miss Emma Laist, who accompanied her east, will be Miss Thomas' guest for some time.

Mrs. H. C. Fish of Minot, formerly of this city, who attended the Baptist convention last week in Jamestown, is in this city for a few days, visiting old friends. She is being entertained by Miss Carrie Haugen of Sixth St. Alfred and Krause Vigness, who have been the guests of their uncle and aunt, Mr. and Mrs. C. L. Vigness, of Thayer street, left today for their home in Northfield, Minn. Krause Vigness will resume his studies at St. Olaf college, of which his father is president, upon his return. The Vigness boys have been spending the summer on a claim near Hettinger.

H. A. Norman, a banker of Halliday, was in the city Tuesday, and while here attended the play "Polyanna" given last evening at the Auditorium.

Mrs. Fred Gehner and daughter, Anna, of Garrison, arrived in the city and are guests of the former's brother and wife, Mr. and Mrs. Grant Marsh of Main street.

Mr. and Mrs. Philip J. Meyer of Fourth street returned yesterday from Detroit Lake, where they attended the Hoskins-Dollar wedding.

## Bon Ton CORSETS

## Front Lace or Back Lace

HERE is presented an exquisite new corset modeled for wear now.

It's STYLE, like that of all BONTON corsets, is authentic, and expresses that slim, youthful silhouette which the latest French-fashion decrees.

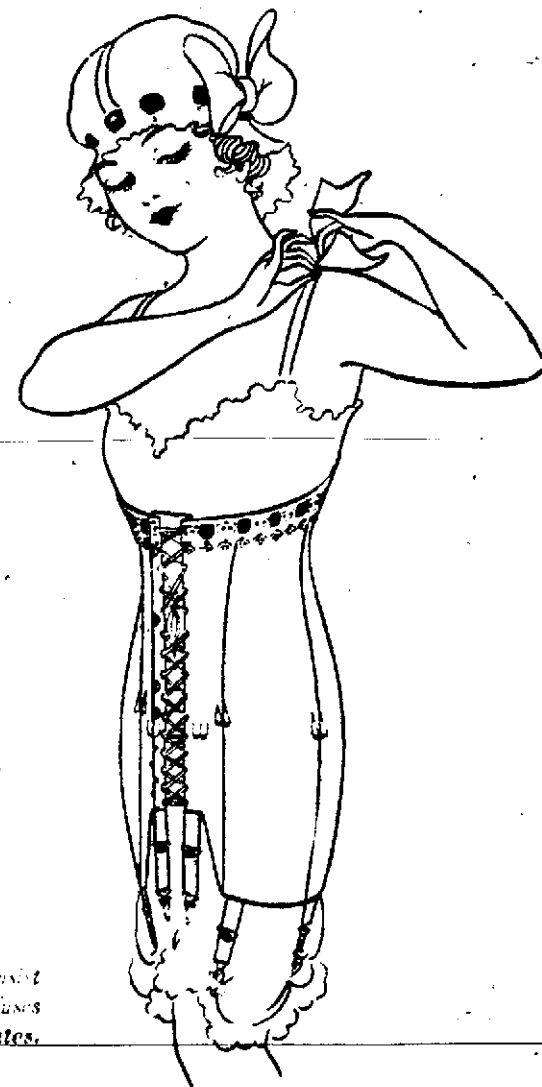

New corsets are essential for new gowns and this model, as the picture shows, will not only enhance the beauty of your form, but solve dressmaking problems.

## Front Lace Model 1038

is fashioned for average figures, and, aside from possessing the advantages of the front lacing principle, is one of the season's smartest corsets. White cotton. Price \$5. Other models for all figures at \$2.50, \$3, \$6.50, \$8 and up.

YOUR DEALER may offer substitutes. Insist upon the genuine "BONTON." If he refuses to supply you, write to us. Accept no substitutes.

# BISMARCK HIGH FINDS TRAINING SCHOOL VICTIM

Capital City Gridiron Artists  
Easily Elope of Mandan  
Team in Opener

## TO MORTON COUNTY SEAT FOR GAME NEXT SATURDAY

In the opening game of the season the Bismarck high school football team defeated the State Training school of Mandan by a score of 5 to 0. The local boys showed the results of hard practice, while the Mandan boys were handicapped by lack of coaching and time for practice.

Bismarck won the toss and kicked off. A fumble by the visitors, which Bismarck recovered, gave them the ball in their opponents' territory. On a long end run by Cook, Grove and Berndt, Bismarck made the first score. Eight touchdowns followed in rapid succession, and four additional points were added by Berndt by goal kicks.

**Forward Line Steady.**  
The Bismarck forward line was a perfect defense and only once during the game were the Mandan team able to make the required distance. Repeatedly they broke through their opponents and tackled the backs for a loss. Their charge was low and fast and they helped their own backs in getting away for long runs.

The officials were McCoy of Bismarck, a former South Dakota star, Basili, coach of the Mandan high and Drowley, end on last year's University team. Their work was good and their help in making the game a success was appreciated by both teams.

The weather was ideal for players and spectators. The crowd was good for the opening game and there is a keen interest in Bismarck in the "grand old game."

**The teams lined up as follows:**  
Training School—Spain, r. e.; Duns, r. t.; Hefzelman, r. g.; Olds, c.; Hodge, l. g.; Engel, l. t.; Johnings, l. e.; Sparks, q.; Nelson, r. b.; Newman, l. b.; Medberry, f. b. Substitutes—Ward, Prince, Rink.

High School—Hugh Spangler, r. e.; William Yegen, r. t.; Edwin Taylor, r. g.; Herndon, r. c.; Frank Thranis, l. g.; Eugene Kilmers, l. t.; Ahrland Fogerty, l. e.; Rex Berndt, q.; Lloyd Couch (capt.), r. b.; Bert Cook, l. b.; Guy Grove, f. b. Substitutes—Warren Taylor, Conrad Yegen, Wallace Peck, Kenneth Allen, John W. Larson.

Three games remain on the high school schedule. On October 20 the team will go to Mandan to play the Mandan high school at the fair grounds. On October 27 the training school will return to Bismarck. On November 1, the Mandan High will play a return game at the Bismarck ball park. This game will be played during the State Teachers' association meeting and may mark the close of the football season.

## SHAMPOOS, MASSAGES, GOLF MATCHES, MOVIE SHOWS, ALL DOING THEIR BIT FOR WAR

Every Time One Turns Around He Contributes His Penny to Give Kaiser Jolt in Solar Plexus—Bachelors With Small Incomes Cannot Escape Tax—Children's Toys Exempt

Every time hubby takes a puff from pipe, cigar or cigarette; every time wifey puts on a new phonograph record, every swat at a golf ball, every sip at a high bill, every shot at a pool or billiard ball, every dab with a rouge swab, every dose of castor oil for little Johnny, every shave, every shampoo, every bath, every oral prophylactic, every massage and every application of liniment henceforth is a jab in the solar plexus of his royal satanic majesty.

any one of those things means a contribution to Uncle Sam's war chest. Every automobile spin, motorcycle or motor-boat ride, every evening at the movies, every ice cream soda or sundae or glass of pop, every time Rastus rolls the Jones, or the Colonel sits himself down for a game of checkers, or hikes to the river for a day's fishing, or soaks a beaner in tennis racket or soaks a beaner in left-field, a penny or some fraction thereof drops into the coffers with which Uncle Sam is financing his share in the world's war for democracy and freedom.

Beginning October 4 under the war revenue bill manufacturers, bottlers and importers pay a tax of five to 20 cents per gallon on syrup and extracts.

the tax is one cent for each 25 cents or fraction thereof.

**Income Taxes.**  
Beginning January 1, 1918, every single person receiving an annual income of \$1,000 and every married person with an income of more than \$2,000 per annum shall make a return to the collector on or before March 1, 1918, of his income for the year 1917, and they will be taxed on the same at a rate of two per cent, graduated according to the income per individual member of the family.

Corporations beginning January 1, 1918, will pay a tax of six per cent on income for the year 1917.

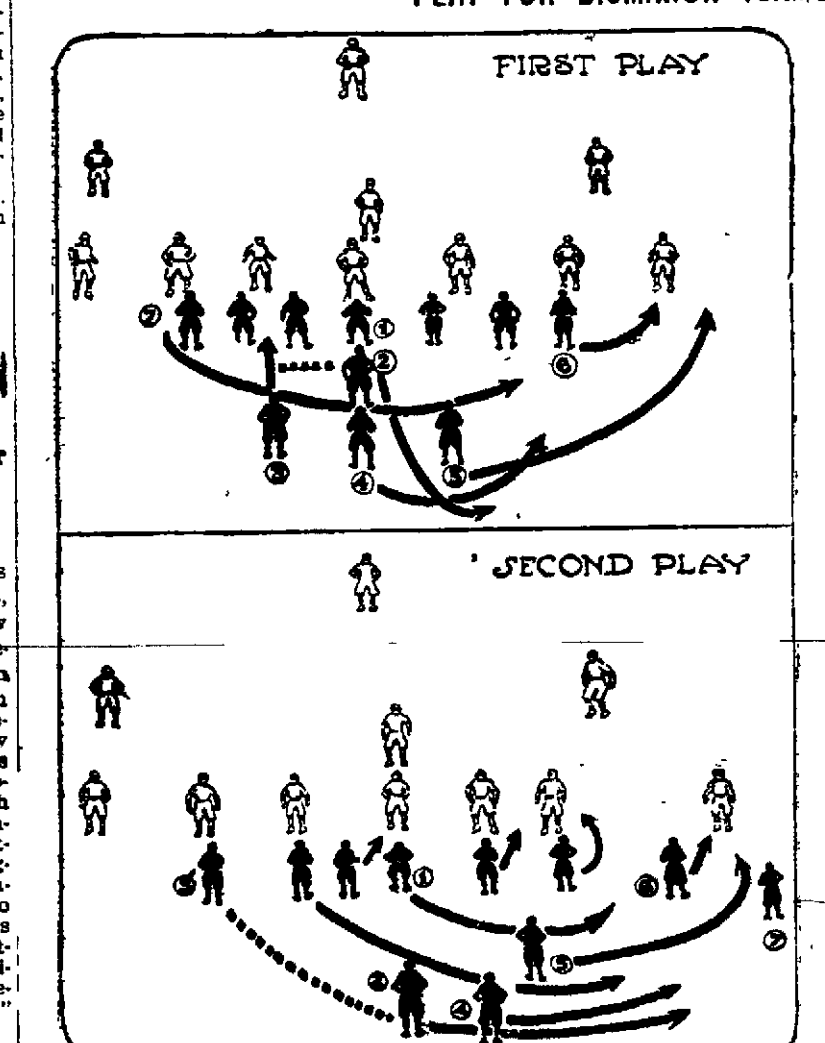

## HIGH CLASS SECURITIES NOT TO BE MARKED DOWN

National Banks Need Not Suffer Through Abnormal Depreciation of Values

State Bank Examiner J. R. Waters is advised by John Skelton Williams, controller of currency, that in view of the fact that many high class securities have been hammered down far below their intrinsic value through liquidation on the part of people desiring to invest in the Liberty bonds, the national bank examiners have received instructions not to require national banks holding high grade bonds of unquestionable intrinsic value to charge such investments down to present abnormal figures. "An intelligent and conservative discretion will be exercised as to the prices at which national banks can safely and reasonably be permitted to carry such high class securities and as to what proportion of depreciation should be charged off," says Mr. Williams.

## GILMOUR DOBIE INVENTS NEW SERIES PLAY FOR BISMARCK TEAMS

By GILMOUR DOBIE.  
Famous foot ball coach, undefeated for 12 years, now coaching at the U. S. Naval Academy.

In this series play it is essential that the men move to their positions rapidly after the first part of the play has been completed. If the play is thoroughly learned it should prove very successful and may be used several times in a game without fear of detection.

The men take the regular positions for straight football, three men on each side of the center and the backs about four yards behind the line. The first play is a straight buck by No. 3, a good runner which should net some yardage. As the ball is snapped Nos. 1, 4, 5 and 6 go to positions indicated by arrows in Fig. 1 and set for the second play. No. 2 after passing the ball to No. 3 for the buck takes his position quickly as indicated.

**Bowling Champions Will Tour Country in Winter**  
Jimmie Smith, world champion bowler and "Count" John Gengler, perhaps the most artistic bowler in the country will begin a coast to coast bowling tour late this fall, visiting all large cities.

The pair toured states east of the Mississippi last year winning most of their matches and making a great impression. Smith this year is going after a few more perfect scores to add to his present record of 15, said to be the most ever made by any bowler in a lifetime.

Gengler is particularly famous for his palm bowling and for picking off difficult spares.

Palm bowling was almost a lost art in America until the Luxemburg wonder came to America a few years ago and showed he was as proficient bowling without using the holes in the ball as the average man was with his favorite sphere.

The two champions will start from New York in November and expect to be on the road until early spring.

**From Lakota—**C. I. Libby, one of Lakota's most substantial agriculturists, accompanied by W. C. Fairbanks, representing a Duluth land company,

called on State Engineer J. W. Bliss today while en route to Halliday and Almont to look over Slope lands, in the future of which he has great confidence.

**To New Rockford—**Miss Margaret Brown of the office of the state commissioner of agriculture and labor has been called to New Rockford by the serious illness of her sister.

**Business Men Here—**Among the prominent business men to spend the week-end in the Capital City were M. B. Finseth of the Farmers State bank, Driscoll; J. W. Rogers, S. E. Clizbe, McKenzie; Pete Lips, H. G. Higgins, Baldwin; P. P. Bliss, McKenzie; Lyman Harris and Mr. Hughes of Menoken.

**Dies at Hospital—**Albert E. Ulvik, aged 34, of Arena, died Tuesday in one of the local hospitals where he had been at patient since Sunday. He is survived by the widow. The body will be held in the Webb Brothers' funeral parlors until Friday when it will be taken to the late home in Arena for funeral services and interment.

**Funeral for Mr. Wetzel—**Funeral services for Dominick G. Wetzel, formerly of the shoe department of the Webb Brothers' store, were conducted Tuesday morning at 8:30 in St. Mary's pro-cathedral. Rev. Father Hittner was in charge. The floral offerings were many and beautiful and the church was filled with relatives and friends. Employees of Webb Brothers and the Knights of Columbus attended in a body. Interment was made in St. Mary's cemetery by these pallbearers: Grant Marsh, Mr. Schwartz, Joseph Boehm, H. M. Hanson, Hugh McGarvey and Emanuel Brown.

## Setting for the Punch

BENNY LEONARD'S SUCCESS DUE TO HIS ABILITY TO IMITATE GREAT OLD TIMERS

Mike Gibbons

Benny Leonard has been lightweight champion for only a short while, yet there have been few if any champions whose ring activities have attracted the same amount of attention in the same space of time.

The answer is easy. It is because Leonard can hit and wins most of his bouts by the simple and conclusively knocking-out method.

However, there is something back of Leonard's ability to do this, something which the old champions all mastered before they were considered fit to try for championship honors.

The secret is in setting for the punch.

Of all the present day fighters there are only two who know how to use this art cleverly—enough for it to be an asset—Leonard and Mike Gibbons, and Gibbons has avoided using it so much that with him it is only a negligible asset.

Gibbons has used it—his one-round knockout of Young Aherm proved that—but as a general rule Mike has been content to go in and box and

## Girls Who Go to War as Nurses Will Face Risks as Great as Brothers on Firing Line

With the calling into the government service of four of the Bismarck nurses something of the great risk which they may have to encounter behind the trenches has been vividly described by Milton Bronner, special staff correspondent of The Tribune. It follows:

New York, Oct. 16.—Girls thinking of enlisting for Red Cross work, put this down and ponder over it. Under German methods of conducting war you will do just as brave and risky service for the Stars and Stripes as your brothers who go to the front as soldiers.

Why? Because the men under the command of the Kaiser no longer respect the sign of the Red Cross—at least on the sea.

Mary Field, a nursing sister attached to the British field hospital on the Serbian front, has written to a friend here of her experiences on the British hospital ship Astor, torpedoed by a German submarine "somewhere off the coast of England."

"None of us apprehended danger," she writes. "We thought that even to Germans a hospital ship would be sacred. I could not believe any nation would countenance conduct so dastardly, so inexpressible."

"Fortunately we had landed about 800 sick cases. Nobody was aboard except the regular crew and the medical and nursing staff."

"But the Germans could not have known this. So far as outward signs would indicate, our ship was still full of sick and wounded men."

"We had sailed through the Bay of Biscay without dread. When we neared England all regulation lights were kept burning. There is no possibility that the German officer on the submarine could have mistaken the character of our vessel."

"On each side of her the Geneva Red Cross was brilliantly illuminated and all the other required Red Cross signs were prominently displayed."

"Most of us had gone to bed. It was about midnight when, without warning, the German torpedo was fired, striking the quarter of the vessel and damaging rudder and engine room machinery."

"It also put out the lights. The

weather at the time was fine, but quite dark.

"There was no panic. All of us arose quickly and went to our pre-arranged stations. The boats were smartly lowered.

"One, however, cap-sized and its occupants were thrown into the water. Among them were some nurses, but the German submarine made no attempt to rescue these women.

"Several other boats were smashed. Distress signals were given and the majority of those on board were saved by patrol boats.

"The Austrians now lies badly injured on the rocky coast. There are 31 known dead.

"Somehow I don't think of myself in relation to this thing at all. But I do keep on thinking of the horror of our 900 wounded men had been on board. Nothing could have saved the greater part of them. They would have drowned sure."

"I wonder what you Americans will think of this?"

"Warfare we can understand. We might even bring ourselves to understand Germans torpedoing boats bringing food to our shores, but this thing of firing upon the Red Cross and seeking to kill injured men and the doctors and nurses attendant upon them is something we did not believe even the Huns would be guilty of."

Psaltery Like Modern Guitar.

The psaltery was a stringed musical instrument to accompany the voice. In the prayer book version of the Psalms the Hebrew word is given as "lute." This instrument resembles the guitar, but was larger with a convex back, resembling a gourd.
